

Visning af historik for "GravLetProduct"

Legacy data for "GravLetProduct" - Worksheet Edit

It is now possible to see legacy data of older worksheets with the same GravLetProducts number

The requirements for this are the following:

The GravLetProducts input must be filled with combination of two letters (KB or NS) and a series of numbers as shown below.

Reparation - LS- Skabe - Syd · Arbej

Installation

Station / Kabelskab

By pressing the + button, the system will then find worksheets with matching GravLetProducts and display them in a table at the bottom of the page.
